## **Conference Summary**

BBIFCC is proud to present to you the outcome and results of the BBIFCC HVO 2024 themed “**Bridging the Gap: Veterinary and Human Oncology in Concert for Improved Health.**” held in BHU, Varanasi, U.P., India on 21st August 2024.

BBIFCC organized its one day symposium, bringing together delegates from India & around the world. The conference aimed to collaboration and foster connections between attendees.

The conference featured informative sessions on topics of Oncology. These sessions were facilitated by industry- leading experts and thought leaders, providing insightful discussions and actionable strategies.

The conference provided a vibrant platform to showcase the latest cancer technological developments, with several cutting-edge demos.

As a result of the conference, attendees gained significant insights into the latest technology trends and networked with industry leaders. They got exposure to new services and were inspired to implement new ideas and strategies in their organizations.

Overall, the conference created a lasting impact and was rated as a successful and memorable event by attendees, sponsors and organizers alike.
