## Introduction

**The BBIFCC Human-Veterinary Oncology (HVO) & OHIO One Health 2025 Conference brings together thought leaders, researchers, healthcare professionals, veterinarians, policymakers, biopharma and technology industries to foster collaboration between human and animal health sectors.**

**This unique conference emphasizes the One Health approach, recognizing the interconnectedness of human, animal, and environmental health in combating cancer and zoonotic diseases. Through scientific sessions, panel discussions, workshops and networking activities, HVO & OHIO 2025 provides a dynamic platform for innovation, partnership, and actionable strategies for advancing global health.**

## **Why Partner With Us?**

- **Connect with 200+ interdisciplinary delegates from healthcare, veterinary, biotech, pharma and academia.**
- **Showcase your brand to influential decision-makers in human and veterinary health.**
- **Engage directly with researchers, clinicians, veterinarians, and industry experts.**
- **Build long-term collaborations and partnerships under the One Health framework.**
- **Enhance your brand visibility across our digital, on-site, and print platforms.**
