

BBIFCC Cancer Awareness Camp at Jakhania, Ghazipur | 29th November 2025

A free health check-up camp was organized by **BBIF Cancer Care, New Delhi**, at the **BBIF Cancer Care Jakhania Branch** in Jakhania town. A total of **70 patients were examined** and appropriate medical advice was provided.

The camp included **cancer awareness sessions**, demonstrations on **breast self-examination**, guidance on **head and neck cancer, liver cancer**, along with routine **blood tests, blood group testing, blood pressure, and sugar checks**. **Women's health specialist Dr. Sunita Suman**, along with her team, examined female patients, and prescribed medicines were distributed **free of cost**.

Those present included the **BHU medical team** comprising **Professor Dr. K. K. Pandey, Dr. O. P. Singh, Dr. Sunita Suman, Dr. Anurag Pandey**, and resident doctors **Dr. Rukhsana, Gajendra, Shivani, Saurabh, Abhishek, Megha, Sujata, and Rahul**.

Organizer **Dr. Birendra Yadav** stated that such camps are regularly conducted in rural areas to raise awareness about serious diseases and to provide essential health-related information. He added that skilled doctors from **BHU** examined the patients and counselled them on

cancer prevention and early detection, emphasizing that
“awareness is the simplest form of prevention.”

Patients showing symptoms of TB-related cancers or those undergoing conventional cancer treatments such as **chemotherapy or radiotherapy** were guided on managing side effects through **Ayurvedic methods, herbal support, and healthy lifestyle practices**. The camp aimed to promote awareness about prevention as well as supportive and easier treatment approaches.

Professor **Dr. K. K. Pandey** and **Dr. Birendra Yadav** affirmed that similar programs will continue to be organized periodically for **social welfare and public health upliftment**.

They also informed that patients may visit the **Ayurveda OPD at Sir Sunder Lal Hospital, BHU**, for further consultation, where appropriate and effective treatment facilities are available.
